1st Announcement

Scientific programme

The next ESSKA Congress 2018 in Glasgow will focus on the best clinical practice in arthroscopic joint surgery, knee surgery and sports traumatology with a special focus on the translational science in these fields. We acknowledge that excellent patient care is a result of medical team work and therefore other topics during the congress are complimentary to the surgical treatment. There will be focus on prevention, rehabilitation and specifically return to sports. The ESSKA Congress is a unique platform to share new ideas with colleagues from all over the globe. Through these interactions, innovations for the benefit of the treatment of our patient will facilitate discussions between attendees as the most valuable part of the meeting.

ESSKA President

Romain Seil (*Luxembourg*)

Congress President

Jón Karlsson (*Sweden*)

Scientific Chairmen

Gino M. Kerkhoffs (*The Netherlands*)

Fares S. Haddad (*UK*)

Michael T. Hirschmann (*Switzerland*)

Call for abstracts

Submit your abstract (clinical and experimental studies) covering the field of degenerative joint diseases and orthopaedic sports medicine online from November 2016–October 2017: www.esska-congress.org

Call for Award submissions

Please do not miss the opportunity to submit an abstract for one of ESSKA's various awards. Details will follow online, please consult: www.esska-congress.org

Target audience

Our biennial congress offers the perfect platform for orthopaedic surgeons, clinicians and scientists in Europe, along with their various societies to exchange their knowledge on the latest techniques and research in their specialities.

ESSKA – European Society of Sports Traumatology, Knee Surgery & Arthroscopy

ESSKA represents Europe in the field of degenerative joint diseases and orthopaedic sports medicine. We foster education and research, and the exchange of clinical and scientific information. www.esska.org
